

Dear Algene Low,

On behalf of All That Jazz Dance Academy Pte Ltd, we would like to thank the MOFEX team for their support and professionalism during our recent studio relocation conducted overnight from 31 May 2026 to 1 June 2026.

The move involved the relocation of a large variety of studio equipment and operational items, including ballet bars, dance mats, sound systems, office furniture, training accessories, televisions, dehumidifiers, and a piano set. As our operations are highly schedule-sensitive, it was important for the relocation to be carried out efficiently within the limited overnight timeframe so that studio activities could resume smoothly the next day.

We especially appreciate the team's commitment during the late-night operations and their ability to adapt quickly throughout the move. Their support gave us confidence and peace of mind during what could otherwise have been a stressful transition.

We are happy with the overall relocation experience and would not hesitate to recommend MOFEX to companies looking for a reliable and professional moving partner.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Mathew Ward', with a stylized, flowing script.
