

Dear Algene Low,

We would like to express our sincere appreciation to MOFEX for the professional moving services provided during our office relocation, which was carried out in phases on 17 January, 22 January, and 24 January 2026.

The planning and coordination between Algene, Wie Guan (SM/CSA), and Dawn (AM/CSA) were well managed, ensuring that each phase of the move was carefully organised and executed smoothly. On site, Haoyang led the relocation works at MND, overseeing on-site execution and workflow control, while Cally managed the receiving operations at PDD, ensuring that items were received, coordinated, and deployed in an orderly and efficient manner.

The relocation was carried out efficiently and with precision, with the MOFEX team demonstrating a high level of professionalism and flexibility throughout the process. We would also like to recognise Algene's active involvement and effective communication from planning through to completion.

We appreciate the professionalism demonstrated by the MOFEX team and would confidently recommend their services. We look forward to future opportunities to collaborate.

Best regards,

**Sally Yap**
